MICROFILMED

SCOPE AND CONTENT NOTE

Record Group 108, Legislative Log Sheets, consists of log sheets and calendars from the years 1974-1986. The log sheets were created by staff of the Legislative Recording Program of the State Library and Archives and serve as a guide to the tapes of the meetings of the Tennessee General Assembly. The original log sheets can be accessed through the Legislative History Office of the Tennessee State Library and Archives. These log sheets were filmed to serve as a back-up copy, in case original log sheets are lost.

To view microfilmed copies of log sheets for the years 1987-1993, see Record Group 129, or see the Legislative History Office to view the original log sheets.
